

# THIRTEENTH INTERNATIONAL CONFERENCE ON MARINE SCIENCES AND TECHNOLOGIES

October 10th - 15th, 2016,  
Festival and Congress Centre -  
Varna, Bulgaria

**Scientific and Technical Unions Varna Branch and**

**Bulgarian Ship Hydrodynamics Centre** at the Institute of Metal Science, Equipment and Technology - BAS have the privilege to invite you to attend the Thirteenth International Conference on Marine Sciences and Technologies

**Black Sea '2016**, dedicated to the **40th Anniversary of BSHC**.

**Black Sea '2016** is a chain conference regularly held in Varna on the problems of marine science and technologies. It is expected to provide opportunity for exchange of knowledge and ideas between researchers from different scientific areas and from different countries in Europe, as well as meeting people of science with people from industry and shipping.

It is a happy coincidence that in October 2016, the **Bulgarian Ship Hydrodynamics Centre (BSHC)** will celebrate 40 years of its foundation. Throughout the years, BSHC developed in a world famous high-quality facility of excellence in the field of ship hydrodynamics. That was result of the joint efforts of many national and international bodies, institutions and professionals in this important sector of maritime industry, and we would be glad to meet all of them again at the special Jubilee Session.
